

TORLYS CLASSIC PLUS LAMINATE

classic. elegant.

Classically elegant floors bring beautiful light and dark nuances for a natural and realistic look.

Old Oak Dark
QS-UM 1383

CLASSIC PLUS LAMINATE

Realistic detailing and authentic light and dark nuances in the pattern create a floor that is a design statement – natural looks and elegantly designed.

TORLYS
smart floors

Starts Beautiful, Stays Beautiful

CLASSIC PLUS LAMINATE

Natural nuances of oak in trendsetting colours.

5/16" (thickness) x 7-1/2" (width) x 47-1/4" (length)

8 mm (thickness) x 190 mm (width) x 1200 mm (length)

The Look

A natural look of these beautiful oak floors is created through authentic light and dark nuances within the pattern of the wood.

The Feel

Contours are emphasized by natural authentic surface textures and fine seams around the edges and ends of each plank.

WHY SMART LAMINATE?

Superior performance is built in to every TORLYS Smart Floor:

- A transparent overlay of extremely wear resistant melamine resin and aluminum oxide that is warranted for up to 35 years.
- Patented Uniclic® Joint resists ugly gapping when 30-60% humidity is maintained. No other joint outperforms TORLYS Uniclic® Joint.
- Move It and Re-use It—every TORLYS floor can be disassembled and re-used in another room or home.

STARTS BEAUTIFUL, STAYS BEAUTIFUL

TORLYS Classic Plus Laminate is a stunning floor created with minimal environmental impact. TORLYS Smart Laminate is easy to install and maintain, and designed for long lasting beauty.

SMARTER USE OF NATURAL RESOURCES

Do more with less — TORLYS Laminate Floors are made in Europe and North America. North American produced Laminate floors contain no less than 74% recycled and fast growing softwood from managed forests for its high density Smart Core.

AC RATING: AC4

Flooring is fit for commercial operations with standard amounts of foot traffic such as a small shop or office.

SMART UNICLIC® JOINT TECHNOLOGY

TORLYS Smart Uniclic® Joint Technology has one of the strongest possible joints in flooring today. Constant lower lip pressure creates the tightest joint and is tested to withstand extraordinary joint stress — more than 1,000 lbs of pressure per linear yard is needed to pull apart two TORLYS planks. The joint is also milled to 1/1000 of an inch for the most exacting fit.

HEALTHY HOME

TORLYS Classic Plus Laminate is CARB 2 (California Air Resources Board) compliant and meets the Healthy Home requirements set by the European (E1) and California Dept. of Public Health Services Standard Practice for The Testing of Volatile Organic Emissions from Various Sources Using Small-Scale Environmental Chambers, referred to as California Section 01350.

TORLYS BULLDOG™ EASY PLANK REPLACER

TORLYS Bulldog™ Easy Plank Replacer allows you to replace a damaged plank, not your entire floor. No glue. No nails. No staining. You can fix major mishaps quickly and easily, and renew your floor without sanding or refinishing.

TORLYS is a member of the Canada Green Building Council, an association dedicated to the design and construction of green buildings in Canada.

These TORLYS Laminate Floors have earned the North American Laminate Flooring Association (NALFA) Certification Seal by passing a series of rigorous tests designed to evaluate the floor's performance, durability, strength and overall quality. You can be assured that you're getting the best quality the industry has to offer.
